### Region 2

NOTE: Proposed special lion licenses are equal to or greater than the total harvest quota represented by the male and female quotas and in most cases are double the male quotas. The general license quota (male and female quotas) will be used to determine how much general license harvest opportunity is available starting February 1. If the lion harvest by special mountain lion licenses meets or exceeds the male and/or female quotas by February 1, there will be no general license harvest opportunity available.
